Republican Control
Democratic Control

Getting Started

To get started, visit: <https://davesredistricting.org/>

- Click on Sign-Up Button in the upper right hand corner

The screenshot shows the homepage of the DRA2020 website. At the top left is the 'DRA2020' logo. In the top right corner, there are 'LOG IN' and 'SIGN UP' buttons, with a red circle and a red arrow pointing to the 'SIGN UP' button. Below the navigation bar is a header with the text 'Welcome to Dave's Redistricting'. The main content area features a large map of the United States where states are colored based on partisan control: green for Independent Commission, red for Republican Control, and blue for Democratic Control. On the left side, there is a pink box with the text: 'State pages have links to state redistricting websites.', 'Submit your testimony to make your voice heard.', and 'Advocate for your community!'. Below this are three buttons: 'PICK A STATE', 'LEARN MORE', and 'SUPPORTERS'. A small text prompt says 'Click a state to go to its page'.

Sign up for a Free Account

This will allow you to create and save your own redistricting map.

Draft Maps

To access published maps, or to start drawing your own map, click on the three lines located in the top left corner of the page and select "Maps" from the options pane.

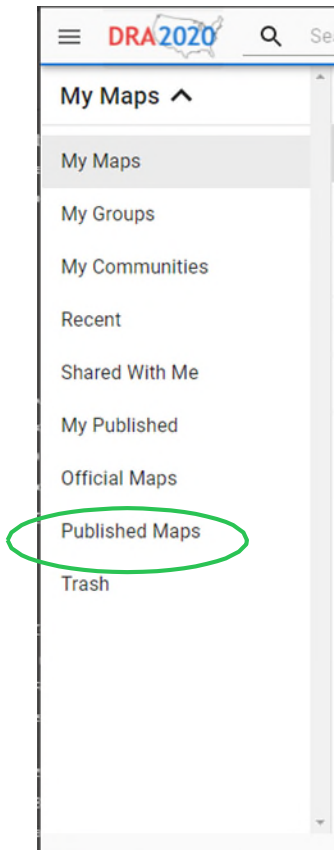

Name ↑	Modified	Plan		State

Published Maps

Select “My Maps” on the top left-hand side of the screen:

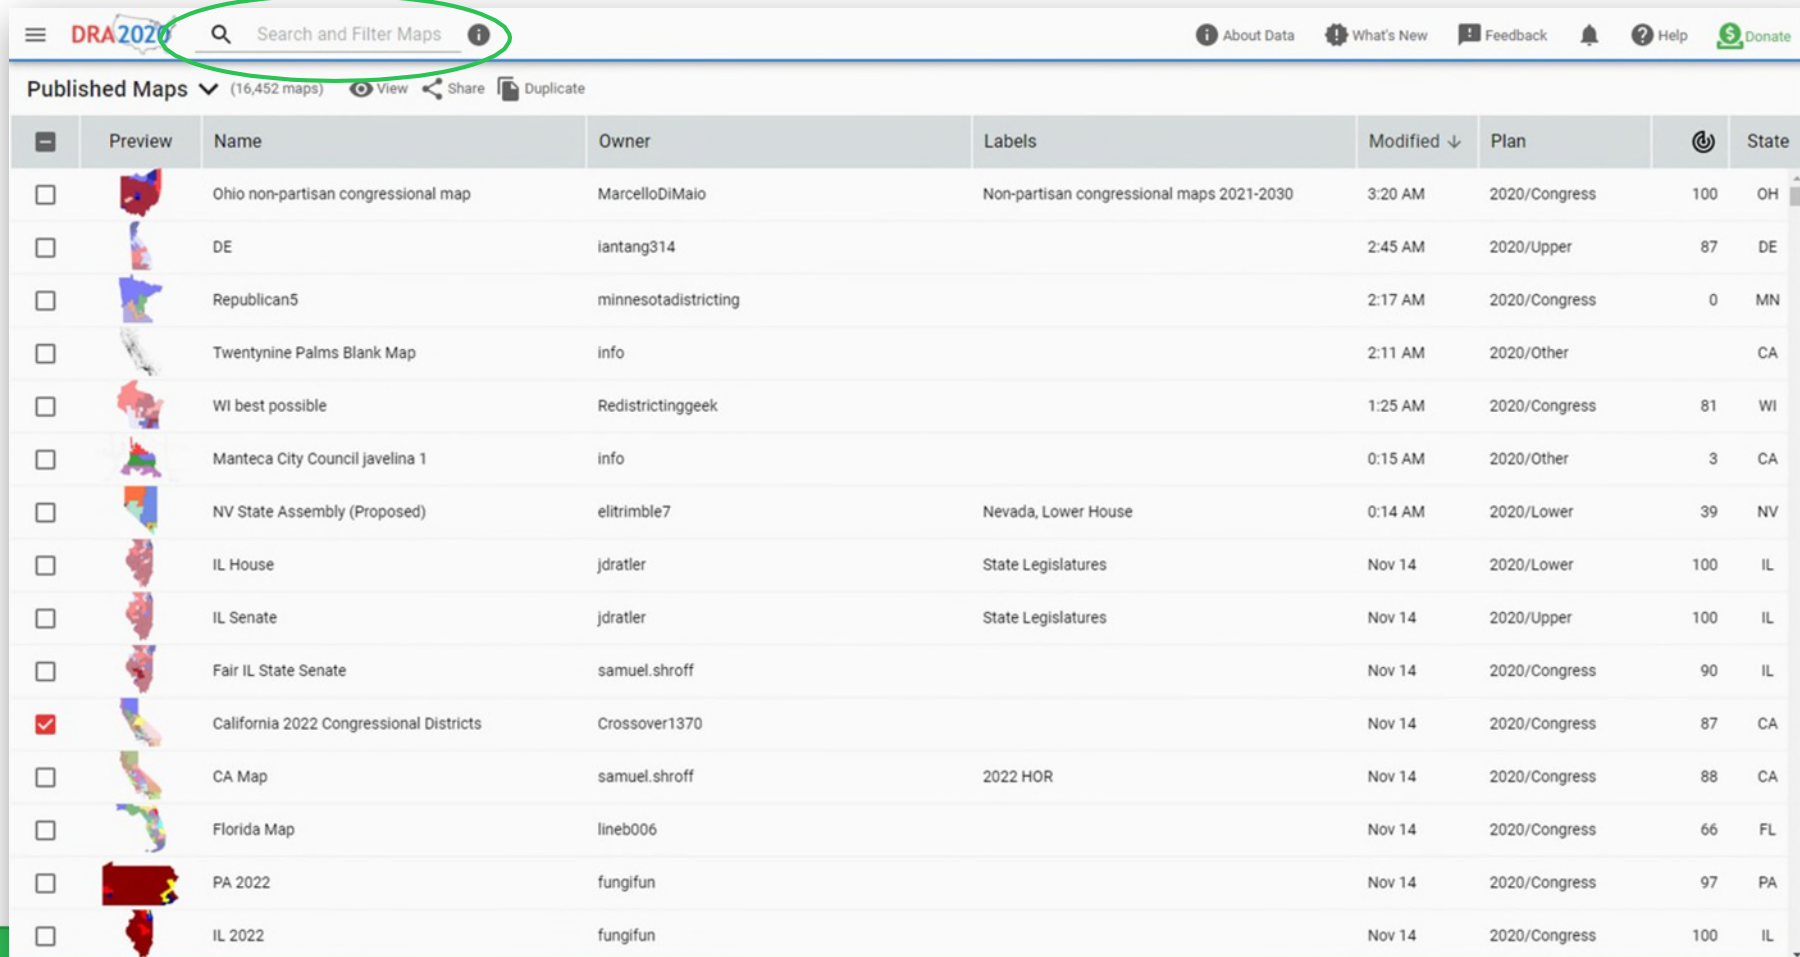

My Maps ▾

Next, select “Published Maps” from the options pane:

Map Search

Using the search box, enter your jurisdiction's name + template (Santee - Template) to find the base map created for you. You can also enter just your jurisdiction's name to find any related published maps. These maps can be used as a good starting point.

The screenshot shows the DRA2020 website interface. At the top left, there is a menu icon and the text "DRA2020". To the right is a search bar with the placeholder text "Search and Filter Maps" and an information icon. Below the search bar, there are navigation options: "Published Maps" (with a dropdown arrow and "(16,452 maps)"), "View", "Share", and "Duplicate".

The main content is a table of published maps. The table has the following columns: Preview, Name, Owner, Labels, Modified, Plan, a share icon, and State. The "California 2022 Congressional Districts" map is selected, indicated by a red checkmark in the Preview column.

Preview	Name	Owner	Labels	Modified	Plan	Share	State

<input type="checkbox"/>	PA 2022	fungifun		Nov 14	2020/Congress	97	PA
<input type="checkbox"/>	IL 2022	fungifun		Nov 14	2020/Congress	100	IL

Map Search

The screenshot shows the ArcGIS Online interface. At the top left, the search bar contains the text "eastvale - template" and is circled in green. To the right of the search bar are links for "About Data", "What's New", "Feedback", and "Help". Below the search bar, there is a "My Maps" section with a dropdown menu showing "1 map". To the right of this are buttons for "New Map" and "New Community". Below these elements is a table with the following columns: "Preview", "Name", "Owner", "Labels", "Modified", and "Plan". The table contains one row with the following data: "Eastvale - Template", "stephanie.smith", "6:49 AM", and "2020/Other". A blue box with white text is overlaid on the table, containing the text: "For example. See this search for Eastvale, California below."

Preview	Name	Owner	Labels	Modified	Plan
	Eastvale - Template	stephanie.smith		6:49 AM	2020/Other

Duplicate Map

The screenshot shows the DRA2020 web interface. At the top, there is a search bar with 'Eastvale' entered. Below the search bar, there are navigation links: 'About Data', 'What's New', 'Feedback', 'Help', and 'Donate'. The main content area is titled 'Published Maps' and shows a table with one map listed. The 'Duplicate' button is circled in green, and a checkbox next to the map 'Eastvale 1' is also circled in green.

<input checked="" type="checkbox"/>	Preview	Name	Owner	Labels	Modified ↓	Plan	State
<input checked="" type="checkbox"/>		Eastvale 1	stephanie.smith		Nov 12	2020/Other	0 CA

Click on the checkbox next to the map that you would like to use, which will select it, and click “duplicate” to make a copy. This will allow you to make modifications.

PLEASE NOTE: The program can take approximately 15 to 30 seconds to load the duplicate map under “My Maps”

Rename Map

Now that you have duplicated your map, you will need to rename it. Make sure the duplicate map is selected (check mark), select “Rename”, on the toolbar, insert a new name and add a description for your new map. **Tip:** Put your name in the renamed map title, i.e. Bob’s map, etc.

To begin modifying your new draft map, click “Edit” from the toolbar.

PLEASE NOTE: that the program can take approximately 15 to 30 seconds to load the map once you have selected “Edit”

Edit Map

The screenshot displays the DRA2020 software interface for editing a map. The main window shows a map of Eastvale with district boundaries. On the left, there is a 'District Selector' table and a 'Colors' panel. The 'Colors' panel has an 'Overlays' section where the 'Background Map' checkbox is circled in green. A blue callout box points to this checkbox with the text: "Next, click on the background map in the Overlay box. This is located in the lower left corner and will allow you to view streets." At the top right, a gear icon is circled in red, with a yellow callout box pointing to it that says: "First, click on the gear icon to reapply the Agency settings to your map. Then select Apply". A black callout box is also present, pointing to the 'Map Settings' and 'Data Selector' sections of the settings menu, with the 'APPLY' button circled in green.

Edit Map – custom overlays

The screenshot displays the DRA2020 web application interface for editing maps. The main map shows a geographic area with district boundaries. A sidebar on the left contains a 'District Selector' table and a 'Custom Overlays' panel. The 'Custom Overlays' panel has a 'Fill' button highlighted with a green circle and a green arrow pointing to the map. A blue text box explains that this overlay shows Palm Springs Neighborhoods as bright green census blocks.

The Palm Springs Neighborhoods are available as a customer overlay. You can view them by clicking on Palm Springs Neighborhoods, and then toggling on the “Fill button” The existing Palm Springs Neighborhoods will show on the map as bright green census blocks

Edit Map

The screenshot displays the DRA2020 software interface for editing a map titled "Copy of Eastvale - Template". The interface includes a top navigation bar with a menu icon, the text "DRA2020", and the title "Copy of Eastvale - Template". On the right side of the top bar are icons for home, full screen, share, social media, help, and user profile. Below the top bar is a toolbar with icons for location, hand, pan, zoom, and a dropdown menu for "Tools". The "Tools" dropdown is open, showing "County", "City", "Precinct", and "Block" options. A green circle highlights the "Block" option, with a green arrow pointing to a blue callout box. The callout box contains the text: "Click on 'Block' in the Tool Bar directly above the map to be able to view Census Blocks, the smallest unit of measurement and the click on an area in the map." The main map area shows a street grid with several census blocks highlighted in pink. A blue callout box points to one of these blocks, containing the text: "Census blocks within the blue highlighted area on the map should appear after clicking." On the left side, there is a "District Selector" panel with a table of districts and their populations. Below it is a "Colors" panel with "Overlays" checked for "Background Map", "Precinct Lines", and "Landmarks". On the right side, there is a "Block Details" panel with two tables: "Total Population 2020" and "Voting Age Pop 2020". Both tables show zero population for all categories. Below these is a "Composite 2016-2020" table showing zero votes for all categories. At the bottom right, there is a "Map saved to server." notification and a "mapbox" logo.

© 2021 Dave's Redistricting, LLC. © Mapbox © OpenStreetMap Improve this map

Select the Paint brush in the menu bar above the map.

Click on the Census Block(s) you would like included in the selected District. The color of the census block will change to the District being edited. A running total of the population in the District being edited is shown in the District Selector Box.

Repeat these steps until all areas of the map have been assigned to a District.

Editing Tips

- The target population for each district is 15,040. Deviation of 5% to 10% may be considered.
- To see what the population within a Census Block is before assigning it to a District, hover the cursor over the Census Block. Population and demographic statistics for the Census Block will appear in the “Block Details” box.
- To change the District a Census Block has been assigned to, use the paint brush tool to select the District in the District Selector box you want to change the Census Block to and then click on the Census Block you want to change. You may also select “Un” (Unassigned) in the District Selector box and click on a Census Block to leave it unassigned.

Tips for Quality Maps

- Districts are compact (uniform shapes, recognizable shapes, not elongated or thinly sliced across the jurisdiction)
- Districts are contiguous (share a common border).
- Districts are relatively equal in population, with a deviation no greater than 10% from the least populated to the greatest populated district. For example, if the ideal district should contain 1000 people, you could have one district that contains 950 people (5% under the ideal) and one district that contains 1050 people (5% over the ideal), with the other districts falling somewhere in between. The total deviation would be an acceptable 10%. *You can check your percentages by clicking on “statistics” on the right-hand side of the tool bar.*
- Districts keep neighborhoods and other communities of interest, like territories around schools, around landmarks, etc., together

Finalize Map

When you are finished, click on the “Maps” icon located on the top ribbon.

The screenshot displays the DRA2020 software interface for 'Eastvale Redistricting Map 1'. The top ribbon contains several icons, with the 'Maps' icon (a grid of squares) circled in green. The left sidebar features a 'District Selector' table with columns for District, Population, and Deviation. The central map area shows a redistricting plan with colored precincts. The right sidebar contains 'Precinct Details' and 'Composite 2016-2020' tables.

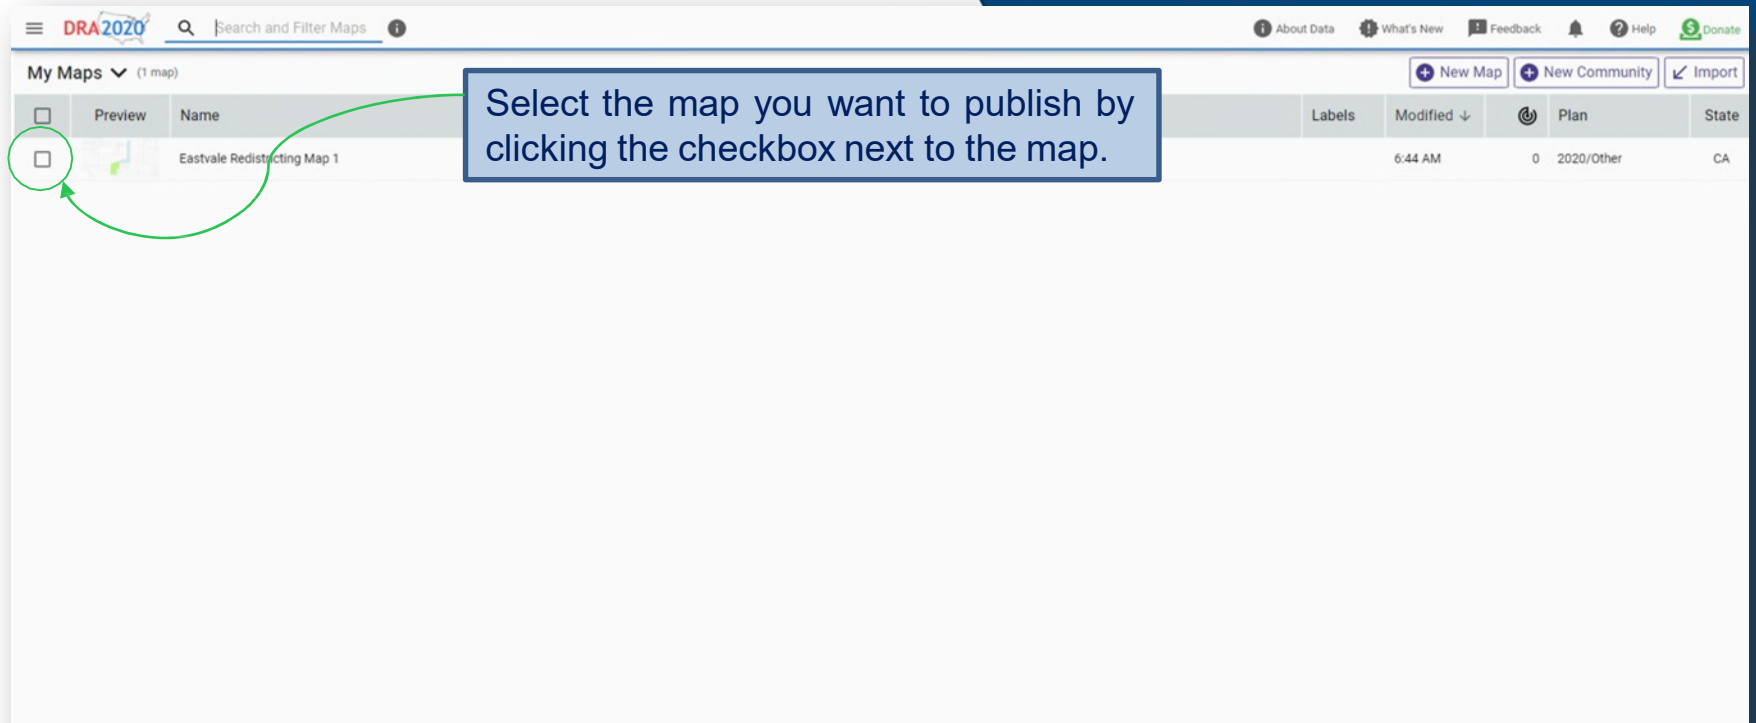

District Selector

Finalize Map

The screenshot shows the DRA2020 web interface. At the top, there is a search bar and navigation links. Below the search bar, there is a section titled "My Maps" with a dropdown arrow and "(1 map)". A table lists the maps. The first row has a checkbox, a "Preview" button, and the name "Eastvale Redistricting Map 1". A blue callout box with a white border points to the checkbox, containing the text: "Select the map you want to publish by clicking the checkbox next to the map." The table also has columns for "Labels", "Modified" (6:44 AM), "Plan" (0 2020/Other), and "State" (CA). At the top right, there are buttons for "New Map", "New Community", and "Import".

	Preview	Name	Labels	Modified ↓	Plan	State
<input type="checkbox"/>		Eastvale Redistricting Map 1		6:44 AM	0 2020/Other	CA

Another way to share your map with your jurisdiction is by publishing it for anyone to see and then letting them know.

Publish Map

Once selected, click the publish icon located in the top ribbon.

Once published, you **must** send an email to your jurisdiction with your map name to inform them that you have published a map. This is very important, otherwise they will not know that you have published a map.

The screenshot shows the 'My Maps' interface in the DRA2020 application. A 'Publish Map' dialog box is open, allowing the user to publish a map. The dialog box contains the following information:

- Publish Map**
- Your published maps are visible to all DRA 2020 users. A good name and description will help other people find your map and understand how and why you built it.
- Map Name:** Eastvale Redistricting Map 1
- Description:** (Empty text area)
- Twitter Handle:** (Empty text area)
- Buttons:** CANCEL, PUBLISH

The background interface shows a table of maps with columns for Labels, Modified, Plan, and State. The map 'Eastvale Redistricting Map 1' is selected, and the 'Publish' icon in the top ribbon is circled in green.

This is your last opportunity to update the name of description of your map before it is made public. There is also an option to include a Twitter handle. Including your Twitter handle in your profile will allow other users who are interested in your maps to follow your tweets and have conversations about the maps you are publishing.

Share a Map

When you are finished, you can share the map directly with your jurisdiction.

The screenshot displays the DRA2020 web application interface for "Eastvale Redistricting Map 1". The interface includes a top navigation bar with a menu icon, the application name "DRA2020", the map title "Eastvale Redistricting Map 1", and a toolbar with icons for home, print, share, and other functions. The share icon is circled in green, with a callout box pointing to it. The main map area shows a redistricting map of Eastvale with various colored districts. On the left, there is a "District Selector" panel with a table of districts and their populations. On the right, there is a "Precinct Details" panel with demographic data for the selected precinct.

District	Population	Deviation
4	2,593	-7,905,052
1	22,934	-7,884,711
2	13,881	-7,893,764

Share a Map

Copy the link that populates in the box, then send via email to your jurisdiction, or anyone else you want to review your map. The email for Santee's demographer is Stephanie.Smith@bbklaw.com

The screenshot displays a web-based map application. At the top, the title 'Eastvale 1' is visible. The interface includes a toolbar with various map controls and a sidebar on the left with layers and labels. A 'Share Map' dialog box is centered on the screen, containing the following text:

Share Map

Copy and then share this URL.

URL
<https://davesredistricting.org/join/2d1f0f07-b8cf-427b-b134-e8409701b23c>

Allow Editing

REVOKE SHARING COPY DISMISS

The background map shows a grid of streets in the Eastvale area, with a red outline highlighting a specific region. The map is titled 'Eastvale 1' and includes various street names like 'Mission Blvd', 'Chino Ave', and 'Norco'. A sidebar on the right shows demographic data for the highlighted area.
